

## A TIDAL WAVE

Causes Loss of Life and Damages the Tacoma Docks.

THE LOSS ESTIMATED AT \$50,000.

A Boat-House Is Overturned and a Child Drowned—The Northern Pacific's Cattle Pens Demolished—The Fate of a Watchman in Doubt—A Difference of Opinion as to the Cause—A Wave of Large Dimensions.

TACOMA, WASH., Nov. 29.—Amid the roar of an immense tidal wave beating against the shores of Puget sound, 600 feet of Tacoma's ocean docks plunged into Commencement bay at 11 o'clock last night. Half a dozen steamers were tossed about like chips, and two were disabled. At 1:30 a. m. the filled-in portion of the ocean docks was still settling and the accident, under the most favorable conditions, beginning to assume the form of a calamity to the city. H. H. Alger's boat-house, containing himself, wife and six children, was turned upside down, spilling the children out of their bunks into the icy water, and it is feared one of his daughters has been drowned. John Hanson, a watchman at the Northern Pacific hydraulic pump, went down in the debris and cannot be found. He was rescued to death or drowned, in the opinion of the steamboat men.

The fire department was called out at night and 500 more people had gathered at the wharf. For a distance of 1,500 feet the ocean dock was settled, and it was feared the big wheat elevator and coal bunkers would pitch into the bay. Several times, when the ground settled from six inches to a foot, a panic resulted and there was a wild rush for places of safety. All the cattle pens of the Northern Pacific, together with the office and that company's 400-foot freight house, went down to the ground, and fire at once broke out, and the pump station soon disappeared in the debris. Nearly all of the dock which fell into the bay is that portion of the water front which the city of Tacoma has been endeavoring to secure from the railroad and the Tacoma Land Company. Already the damage is estimated at \$50,000.

Steamboatmen claim a tidal wave twenty-five feet high had rushed up the sound and tore the dock away. Employers at the wharf believe that there has been a great subterranean landslide or that a great fissure or hole has been formed in the bay, causing the dock to be swallowed. It is not positively known whether the plunging of the docks into the bay caused the heavy sea which overturned Alger's boat-house and tore the steamers away from their fastenings or whether it was in fact a tidal wave.

## THE LICK MONUMENT

Erected Yesterday at San Francisco—The Details of the Memorial.

SAN FRANCISCO, Nov. 29.—The James Lick monument was unveiled to-day with appropriate ceremonies. When the late James Lick died he left an estate of several million dollars which by his will was to be expended in various public improvements and institutions. Among the institutions bearing his name are the great observatory on Mount Hamilton, the Lick Free Baths and the Lick School of Mechanical Arts, which is soon to be opened, the Academy of Sciences building and the Pioneer building. One hundred thousand dollars was set aside for a monument descriptive of California to be erected in front of the city hall. This monument has just been completed and was unveiled this morning. The ceremonies were held in Odd Fellows' hall.

The monument, both in design and workmanship, is one of the finest in the United States. It cost \$100,000, and its construction has taken three and a half years. The main material is granite, supporting massive bronze figures of heroic proportions and also bronze panels of historic design, illustrating the growth of California from its early history to the present day. The main column is forty-six feet high. On its four sides granite wings lead out, at the end of which are massive pedestals surmounted by bronze statues. The top figure represents Eureka, a typical figure of California. It is the statue unveiled to-day. It is 150 feet high and weighs 7,000 pounds. Beneath are four panels, portraying "Crossing the Sierra," "Vanquering the Lassoing a Bull," "Trappers Trading Skins with Indians" and "California's Progress Under American Rule."

There are bronze portraits of men of prominence in California's history, including Sir Francis Drake, Father Junipero Serra, Fremont and Sutter. On the main shaft is a large bronze relief of James Lick and on the back are draped the bear and American flags. The figures surrounding the pedestals are four wives are "Early Days," with striking figures of a Spaniard, Friar and Indians, "In '49," showing the mining period; "Commerce" and "Agriculture." The year 1848, when gold was first discovered, and the year 1850, when California was admitted to the union, are properly commemorated.

## Kansas Drought Ended.

COLUMBIAS, KANS., Nov. 29.—The long drought was broken here last night by a general rain that continued throughout the morning. The drought was working injury to the new wheat crop and much damage in other ways.

## A Large Cargo of Wheat.

SAN FRANCISCO, Nov. 29.—The British ship Semai has cleared for Liverpool with the biggest wheat cargo ever taken from this or any other port, it being 6,124 tons of grain, valued at \$110,240.

## A SURGEON'S KNIFE

gives you a feeling of horror and dread. There is no longer necessity for its use in many diseases formerly regarded as incurable without cutting. The Triumph of Conservative Surgery is well illustrated by the fact that RUPTURE is cured without the knife and without pain. Clumsy, chafing, and even dangerous, they have now been cured but often induce inflammation, stricture and death.

**TUMORS** Ovarian, Fibroid (uterine) and many others, are now removed without the peril of cutting operations. **PILE TUMORS**, however large, often of the lower bowels, and permanently cured without pain or resort to the knife. **STONE** how large, is crushed, pulverized, washed out and perfectly removed without cutting. **STRICTURE** also removed without cutting in hundreds of cases. For pamphlet, references and all particulars send 10 cents in stamps to World's Dispensary Medical Association, 608 Main St., Buffalo, N. Y.

## ELKINS THEIR CHOICE.

Berkeley County Republicans Practically Unanimous for Him for Senator. Special Dispatch to the Intelligence.

MARTINSBURG, W. VA., Nov. 29.—The INTELLIGENCER correspondent interviewed a number of the prominent and influential Republicans of this city and county to-day as to their preference for United States Senator to succeed Hon. Johnson N. Camden. All expressed themselves heartily in favor of Hon. S. B. Elkins. Among others who expressed a decided preference for that gentleman were the following: Hon. George M. Bowers, member of the congressional committee; U. S. G. Pitzer, prosecuting attorney; L. C. Gertling, sheriff of this county; Alexander Clahan, deputy sheriff and chairman of the Republican county executive committee; J. H. Mowbray, editor of the Berkeley Free Lance; George W. Van Metre and W. Newton Lynch. Mr. Pitzer said he believed Mr. Elkins was the choice of every Republican in the county.

Mr. A. B. Smith, editor of the Herald, the leading Republican paper in the county, Mr. J. N. Wisner, editor of the Independent, and J. R. Clifford, editor of the Pioneer Free Press, have declared themselves in favor of Mr. Elkins through the columns of their respective papers.

From interviews had with prominent citizens of Jefferson and Morgan counties it is learned that the Republicans in those two counties are also practically unanimous in favor of Mr. Elkins for senator.

## SENSATIONAL CHARGES

Brought Against a Pension Examiner. Three Indictments Found.

MINNEAPOLIS, Nov. 29.—The defense in the Van Lueven pension fraud cases have all along hinted mysteriously at a coup which was to be sprung at a critical moment, and have asserted that the special examiners of the department who were the prime movers in uncovering the frauds would be behind the bars before the Lime Springs, Iowa, pension agent was. The meaning of these mysterious hints has just leaked out, although it was intended that they should remain unexplained until the approaching trial in the federal court at Dubuque was in progress. It has, however, been discovered that the grand jury of Howard county, Iowa, meeting at Cresco, recently returned an indictment against Special Examiner Edward Waite, of this city, charging him with attempting to bribe a Howard county pensioner to give evidence adverse to Van Lueven and Dr. Kessel, of Cresco, by offering an increase in pension as a reward. Two other indictments were also returned charging Mr. Waite with intimidation of witnesses. The fact that these indictments have been found has been kept a profound secret, as well as the further fact that attempts to find similar indictments are making in Winnebago county, Iowa. Dr. Kessel is under federal indictment at Dubuque for complicity in the Van Lueven frauds as a member of the Cresco examining board. His attorney is W. K. Barker, who is also county attorney of Howard county—a fact which is claimed by Mr. Waite to explain the bringing of the indictments.

Mr. Waite is not much disturbed over the matter. He sees in it simply an effort to influence public opinion and further delay the trials, which are to commence December 11. He believes that the plan was to say nothing of the indictments until he made his appearance at Dubuque, and then cause his arrest and removal to Cresco. He declares that the charges are false, and that he does not fear the issue. Previous attempts to prosecute him in Howard county failed, and a threatened damage suit was dropped. At that time the attorney general ordered the United States district attorney to defend him, and, if the arrest is attempted he believes the government's law officers will take decided hand in the matter. Waite has been the moving spirit in the investigation of Van Lueven's transactions and furnished most of the evidence on which the indictments were found.

## DETENTION REFUSED.

The Japs Claim the War Has Gone Too Far to be Settled by the Customs Service. WASHINGTON, D. C., Nov. 29.—While the Japanese legation has received no official confirmation of the dispatches indicating that the mission of Mr. Detring on behalf of China to Japan has been a failure, the disposition there is to regard the information as authentic. The time, they say, has passed when the differences existing between the two nations can be settled by the customs authorities as if it were a matter of mere business routine, and they declare that if China really desires to bring about peace through negotiations, it must be done through a regularly accredited envoy from the emperor of China to the emperor of Japan. In the meantime and until that is the only condition under which peace negotiations can proceed, the war must go on. The Japanese authorities here do not regard with favor the report of the interference of the European powers. They also assert that no figures have been fixed as the amount of indemnity which Japan is willing to accept. There are matters of detail which the Japanese officials in this city say can only be arranged when China comes to realize that there is but one way to treat with Japan and that is by direct negotiation. They take the position that so far Japan has done nothing that could justify the interference of the foreign powers, and that it will be time enough for their intervention when Japan shall really make some demand that will be unreasonable.

## Japan's Action No Surprise.

WASHINGTON, D. C., Nov. 29.—None of the officials in Washington who have been interested in bringing about peace between China and Japan are at all surprised at the refusal of Japan to entertain any proposals coming from Mr. Detring. This official is commissioner of maritime customs at Tien Tsin and his immediate superior is an English baronet, Sir Thomas Hart. The latter was in the British consular service at Peking and was then given charge of China's customs service. He is still at the head of the Chinese customs service, Herr Detring being one of the foreigners under him. That an attempt should have been made to cause these two foreigners to be the medium of China's negotiations is regarded as unusual in view of Japan's suggestion that China must make her offer directly through the American ministers.

## Destitute Fire.

MEMPHIS, TENN., Nov. 29.—The Merchants' bank building, at Grenada, Miss., was burned to the ground early this morning. Loss on the building and fixtures about \$5,000; no insurance. There is about \$10,000 in the bank's safe which is considered secure. The cotton office of J. A. Shingler & Co. and McLeod & Snyder's insurance office were in the same building. They lost everything and have no insurance. The origin of the fire is not known.

## Of all Fevers

the worst and most serious is Dengué or break-bone fever. Called "break-bone" because one's bones are not only racked with pain, but feel as if they were tightly held, as by a vice.

At times one feels that the pain is almost unbearable, and many are brought to Death's door by the terrible prostration which follows this grievous complaint.

All persons should know that

## Brown's Iron Bitters

## KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale at all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
